

Epicure's Dinners October 28, 2021

Fondation
Auguste Escoffier

Master Auguste Escoffier's 175th Anniversary Celebration

Under the Patronage of Guillaume Gomez,
French Ambassador for Gastronomy.

On the occasion of the 175th anniversary of the birth of the great master of French gastronomy, epicureans from all over the world will gather on the evening of October 28 around the same menu, with the same ambition: the promotion of the excellence of French cuisine in the world accompanied by an act of charity. These are the principles of the Epicure's Dinners created in 1912 by «the Cook of the Kings and the King of the Cooks».

On that day, in more than 30 countries, "wherever men of taste can meet around a good table" thousands of people will pay tribute to Auguste Escoffier and to French gastronomy.

The **Auguste Escoffier Foundation** and the **Disciples Escoffier International Association** have come together to make this dinner a global event with a common goal: to perpetuate the legacy of Auguste Escoffier.

Designed as a work of art with a menu orchestrated by **Nicolas Sale**, President of the Disciples Escoffier International and illustrated by the French artist **Virginie Brocquet**, this dinner will be realized by several prestigious Chefs.

Close to **10,000** guests are expected to attend in 40 prestigious venues on the **5 continents**. An **important charity** will accompany the festivities with the aim of supporting many charitable organizations.

The **Disciples Escoffier International** is an Association Loi 1901, created in 1954, bringing together several thousands of active members in more than forty delegations on the 5 continents. The **Auguste Escoffier Foundation** has been managing the Escoffier Museum of Culinary Art for over 50 years, located in the Master's birthplace, in Villeneuve Loubet. These two entities perpetuate the memory and work of Auguste Escoffier.
